

Basem Salah El-sayed

Frontend web developer (React js , Next js)

☎01551401878 basembebo809@gmail.com @Github @linkedin
portsaid , Egypt

OBJECTIVE

i am frontend developer with experience in creating dynamic and visually appealing websites. Proficient in HTML, CSS, and JavaScript, with a strong foundation in user interface design. Demonstrated ability to collaborate with cross-functional teams to deliver high-quality, responsive web applications. Seeking to contribute my skills and passion for creating engaging user experiences to a dynamic development team

EDUCATION

Faculty of Computers and Information
Suez Canal University
2020 - 2024

EXPERIENCE

- **frontend developer internship at Orange Digital center**

I trained at Orange Digital Center for a period of 3 months as a frontend developer , During this time, I interacted with individuals with high expertise in the field of software engineering. Together, we worked on several projects from which I gained valuable insights. I also benefited from understanding the functioning of organizations and teamwork.

- **Eid Hackathon**

I participated in a hackathon affiliated with Orange Digital Center. I was a member of a team consisting of five individuals: an mobile developer , a backend developer, UI/UX designer and tester , and we worked on an E-wallet project "Tap cash"

- **ITI Summer training**

i have attended the course entitled advanced web development using React js (120h) clientside technologies , Responsve Design , css preprocessoe ECMA 6 and React

PEOJECTS
